

DataTherm® II

Continuous Temperature Monitor Kit with NEW 2 Meter Probes

**Kit Item Number: 501506
(includes two, 2 m probes)**

2 Meter Replacement Temperature Probes:

**Bag of 5 each:
Part #58000D5-2M**

**Bag of 15 each:
Part #58000D15-2M**

Specifications:	
Power Source	2-AAA size batteries
Measuring Range	62.6°F~113.0°F (17.0°C~45.0°C)
Display Resolution	0.1°F (0.01°C)
Accuracy	+ or - 0.2°F (0.1°C) Meets FDA and ASTM Guidelines for Accuracy
Dimensions	3.16" x 2.37" x 0.71" (80.2mm x 60.2mm x 18.0mm)
Weight	2.4oz (69gm) including batteries
Alarm (Audible and Visual)	Alarms are activated when temperature exceeds the Hi/Low alarm settings
Storage Conditions	Temperature: -14.0°F~140°F (-26°C~60°C) Humidity: 10%~83%
Memory	140 programmable data points
Low Battery	Replace the batteries if the low battery symbol appears
Standards Conformity	CE 0118 DIN EN ISO 9001:2000, DIN EN ISO 13485:2003 DIN EN 12470-4 (Clinical thermometers— Part 4: Performance of electrical thermometers for continuous measurement). EN 60601-1-2 (2006) (harmonized) "Electromagnetic Compatibility" ASTM E1112-00 (2006) "Electronic Thermometer for Intermittent Determination of Patient Temperature"
